

Greetings Art Stars!

I think about you all every day and wonder how you are using art in your daily life. It could be as simple as drawing a doodle, imagining what a cloud shape looks like, watching the sky change colors at sunset, taking pictures, baking and decorating cookies or cakes. Art is everywhere!

Sometimes it is fun to find an object and use your imagination to turn it into something else:

Challenge of the week: Send in your ideas and photos of your artwork to my email and I will include them in the next webpage. lswilburn@seattleschools.org

1. Discover a way you use art during the day.
2. Find 3 small objects, put them onto your paper and draw to create something new!
3. Play the game: I Draw, You Draw*

For more ideas: Look Again: Found Object Doodles by Debbie Ridpath Ohi on youtube

*Game: I Draw, You Draw-

You will need a pencil, paper and a partner; colors if you have them.

1. Decide who will start
2. The person starting draws a line (do this quickly)
3. Person 2 adds a line to the person 1's line
4. Pass paper back and forth until your drawing feels done
5. What does it look like? Label it.

Reminder!!!! Don't start out drawing something, let the lines do the creating. **After** you have created your drawing, then decide what it looks like.

Want to share? Send me a picture!

Stay well,

Ms. Lynne
